

**Department of Electronic Engineering**  
**Application for Completion of Final Year Project in Summer Term**

**Notes for applicants:**

- This application form is only applicable to students having participated in exchange but with intention to graduate on time in their final year.
- Approval of this application must be sought before the start of student project. (Exception: Students who are confirmed student exchange places in second round are required to submit application once their exchange places in Semester B are confirmed. Approval process of those cases has to be completed by the Semester A before they depart for exchange.)
- Students are required to provide supporting documents including 1/ admission letter of the host institution for exchange, 2/ online grade display, and 3/ a study plan of the remaining semesters.
- Only students who can demonstrate a study plan showing his/her possible graduation in summer term if second part of FYP is allowed to be carried out are eligible to apply.
- Approval procedures

Student is required to submit duly completed form with supporting documents to Sandy Cheung at P1624. Endorsements by supervisor and major programme leader or delegate and final approval by Associate Head are required for all cases.
