

Department of Electronic Engineering
Tentative Timetable of MScEIE, MScEIE with BM and PGC Elective Courses in 2010/11
(Please note that the following schedule is subject to change without prior notice.)

Semester A (6:30pm – 9:20pm)

Monday	Tuesday	Wednesday	Thursday	Friday
EE5806* Topics in Image Processing	EE5815* Topics in Security Technology	EE5425 Fundamentals of Radio Freq Circuit Engg	EE5809* Digital Audio Processing and Applications	EE6603* Wireless Communication Technologies
EE6453* Mobile Communication & Networks	MEEM6044 China Engineering Enterprise Management	EE6805* Video and Speech Compression	EE6449 Electromagnetic Compatibility - EMC Theory, Design & Measurement	EF5010 Economics for Business
EF5042 Corporate Finance	MGT5313 International Organizational Behavior	MGT6203 Executive Development		MGT5510 International Business and the Global Business Enterprise
MEEM6037 Managing Strategic Quality	MS5220 Management Science			MGT6318 Managing Employee Performance
	CS5351* Software Engineering			MS5312 Business Statistics

EE5413 Advanced Internet Technologies will be offered on Saturday at 2:30pm - 5:30pm.

Semester B (6:30pm – 9:20pm)

Monday	Tuesday	Wednesday	Thursday	Friday
EE5412* Telecommunication Networks	EE6412* Signaling, Switching & routing in Telecommunication Networks	EE5805* Java Programming & Internet Applications	EE5808* Topics in Computer Graphics	EE6427 Modern Power Electronics
EE6605* Complex Networks: Modeling, Dynamics and Control	MEEM6009 Project Management	EE6601 Topics in Radio Frequency and Microwave Techniques	MGT6503 Comparative Management: Asian Perspectives	EE6610* Queueing Theory with Telecommunications Applications
EE6613 Green Electronics - Theory, Eco-design, Experiments and Applications	MGT6314 Global Human Resource Management	MGT6202 Leadership: Managing in Adverse Situations	MGT6202 Leadership: Managing in Adverse Situations	EF5010 Economics for Business
MEEM6012 Management of Technological Innovation				MGT5516 Managing Innovation and Technology Globally
MGT5316 Human Resources Management				
MGT6321 Managing Human Resources in Mainland China				
MGT6511 Emerging Issues in Multinational Strategic Management				

* MScEIE IE related courses

EE6612 Studies on Electronics Industry in Mainland China and Hong Kong will be offered to full-time students in Sem B 10/11 (Schedule will be confirmed later)

EE6802 Advances in Digital Signal Processing will be offered to full-time students in Sem B 10/11 (Schedule will be confirmed later)

Summer 2011

EE5410 Signal Processing
EE6426 Radio Frequency Circuit Engineering

Remarks: Computer Science elective timetable will be subject to further notice during the Web Registration Period.

Updated on 23 Dec 2010
