Week 31

1. Pick any number from { 1, 2, 3, 4, 5, 6, 7, 8, 9 }

2. Multiply it by 2

3. Add 5 to your result

4. Multiply 50 to your result

5. Add 1763 to your result

6. Use your result to subtract the year you were born

Now, I'm sure you have a three-digit number: the first digit is the number you picked at the beginning and the last two-digits is your age in 2013.

GRC ☺
