

Oct 22nd, 2019

Dear Students,

Do you envision obtaining skills to serve and change the world through science and technology? Please consider coming to learn what Electrical Engineering (EE) is all about at the [CityU EE Information Day on Saturday 2nd November, 2019](#), at the CityU Campus in Kowloon Tong. (Agenda on the next page)

Using *science and mathematics*, electrical engineers design *technological tools* that run and *transform the world*. For examples, electrical engineers make and run computer systems, cell phones and wireless systems, optical fiber communication networks, and much more. Our graduates lead careers in software, electronics, the utilities (eg. CLP, HKT, PCCW), financial technology, or continue onto graduate studies. With *world-class professors* and *teaching facilities*, and a program *focused on student success*, we invite you to take a journey with us that prepares you for a successful life and career.

Please take this first step to learn about our EE and our department by attending the EE Info Day on Saturday 2nd November!

CityU EE Quick Facts

Worldwide Univ. Ranking (QS): 52nd
(4th in Hong Kong)

Worldwide Ranking in Engineering
(US News): 15th (1st in Hong Kong)

Department Size: 979
undergraduate students as of Aug
2019 (largest for EE in HK)

Average Post-Graduation Salary:
\$19000 (for 2018)

Yours Sincerely,

Dr. Alex M. H. Wong

Admission Tutor,
Dept. of Electrical Engineering
City University of Hong Kong

EE Program Information Talks

Time	Activities
Stream 1 (ASI/II Entry)	
9:45am – 10:00am	Visitors (ASI/II) to gather at the Entrance of Run Run Shaw Library (3/F, Yeung Kin Man Academic Building); EE students/ staff will escort them to the talk venue.
10:00am – 10:45am	<p>Program Talk – Infinity@CityU Electrical Engineering (Targeted for students with Associate Degree/Higher Diploma qualifications)</p> <p>學科講座：無限機遇@城大電機工程系（此講座專為持有副學士或高級文憑的本地學生而設）</p> <p>Speaker: Dr. Alex Wong 王文瀚博士 Language: Cantonese/English Venue: Multidisciplinary Project Lab (Yeung Kin Man Academic Building, P1402)</p>
10:45am – 11:15am	Short Chat with professors / EE students; gather for Lab Tours
11:15am – 12:00nn	Lab Tours: Power Lab, Opto Lab, State Key Lab. of THz and mm-waves
Stream 2 (DSE Entry)	
10:45am – 11:00am	Visitors (DSE) to gather at the Entrance of Run Run Shaw Library (3/F, Yeung Kin Man Academic Building); EE students/ staff will escort them to the talk venue.
11:00am – 11:45am	<p>Program Talk – Infinity@CityU Electrical Engineering</p> <p>學科講座：無限機遇@城大電機工程系</p> <p>Speaker: Dr. Eric Wong 黃永明博士 Language: Cantonese/English Venue: Multidisciplinary Project Lab (Yeung Kin Man Academic Building, P1402)</p>
11:45am – 12:15pm	Short Chat with professors / EE students; gather for Lab Tours
12:15pm – 1:00pm	Lab Tours: Power Lab, Opto Lab, State Key Lab. of THz and mm-waves
