## CITY UNIVERSITY OF HONG KONG

DEPARTMENT OF ELECTRICAL ENGINEERING

Presents a seminar on

### Introduction on AWS & AWS Educate

Ms. Amy Tung

AWS, Manager, Territory Business Development

Date : 28 Aug 2019 (Wednesday)

Time : 10:00 am - 11:00 am

Venue : P4703, 4/F, Purple Zone, Yeung Kin Man  
Academic Building, CityU

#### Abstract

AWS, Amazon Web Service, the world's most comprehensive and broadly adopted cloud platform, has been serving more than millions of enterprises throughout the world. At this seminar we are going to walk through two main focuses. First, we will cover the basic AWS introductions and how AWS steps in and help clients to build up cloud structures. Then, we are delighted to share AWS's dedication in education, by introducing AWS Educate program. This program is a fully-structured online platform, where Educators and Students can receive free credits, participate in free online courses, experience hands-on labs, and virtual classrooms. We are looking forward to fostering a bilateral communication platform through this seminar.

#### Biography

Amy Tung has been working for Amazon Web Services with a strong focus on assisting customers to adopt AWS Cloud. She specializes in helping customers define their cloud strategy and adoption roadmap. She helps customers to navigate their cloud Journey and ensures that they realize their returns through cloud transformation. Amy believes learn and be curious is a must to survive in this fast-moving technology world. She is passionate about applying technologies to business problems in order to bring value and insight to customers.
