

From: EE General Office
To: EE Final Year Students
Date: 22 June 2020

Job Opportunity: CoolThink@JC

[CoolThink@JC](#) is The Hong Kong Jockey Club Charities Trust's pioneering computational thinking initiative for the upper primary students in Hong Kong developed in partnership with The Education University of Hong Kong, Massachusetts Institute of Technology, and City University of Hong Kong. The CoolThink@JC 2016-2019 had successfully inspired thousands of parents and their children in computational thinking; and the Office of Vice-President (Development and External Relations) of CityU is excited in taking the lead again to provide co-teaching support for more primary schools and parent education in Hong Kong in the upcoming years.

CoolThink@JC is looking for multiple CityU graduates with great potential to join as Teaching Leads. Successful candidates will receive professional training and be hired as full-time staff to provide co-teaching support in IT lessons and parent workshops in primary schools (Fresh graduates will also be considered).

Teaching Leads' job ad: <http://www.cityu.edu.hk/hro/en/job/current/research.asp?ref=ur-dr091>

Registration for online briefing sessions via zoom (24/26 June 2020):
