

CityU EE Research Theme

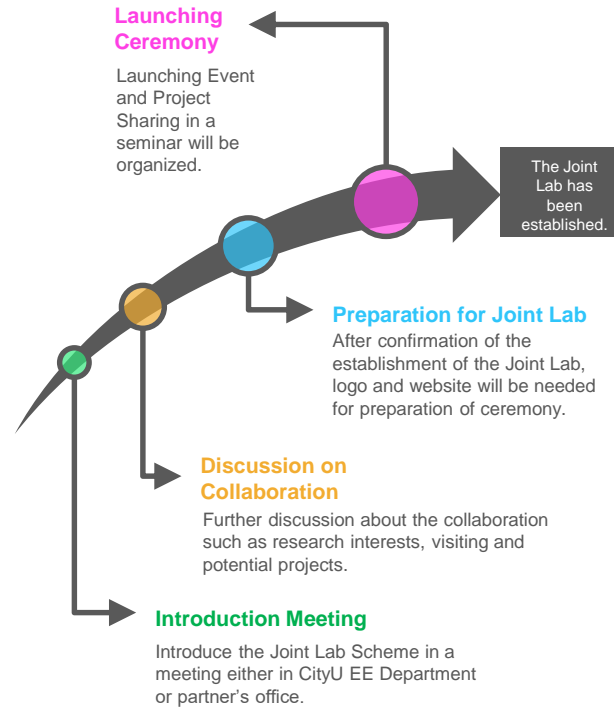

- Antenna Design
- Big data, Machine Learning and Artificial Intelligence
- Bioinformatics
- Biomedical System, Biosensors, Bioelectronics
- Computer Engineering
- Control System and Optimisation
- Microelectronic Devices and Circuits
- Nanotechnology and Nanodevices
- Networking and Internet of Things (IoT)
- Photonics
- Power Electronics and Systems
- Signal and Image Processing
- Terahertz and Millimeter Waves
- Wireless Communications

CityU EE Joint Lab Scheme

There are 5 types of CityU EE Joint Lab. The Joint Lab scheme can provide a platform to link up with different partners based on Research Theme, Teaching, Organization, Corporation and Institutional Department to drive closer collaborations.

Procedures of the CityU EE Joint Lab Scheme

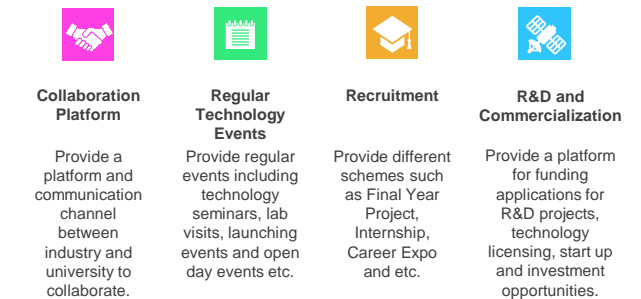

There are five steps to form a Joint Lab. The MOU will be signed between two parties. Then we will announce the collaboration in the launching ceremony.

CityU EE Joint Lab

CityU EE Joint Lab is a Scheme of collaboration with industrial associations, research centres, corporates and organisations. Collaborative areas include setting up lab banner in EE Department, creating an online platform on EE website, networking with EE faculty, students and industrial friends.
