

Mr NG Chi Man Jerman (1999 BScIT)

Jerman is the Vice President, Technology for Starr Insurance Companies. He is leading the Asia technology department and responsible for all aspects of technology activities. He joined Starr following years of experience at Microsoft, SAP and Manulife.

Jerman started his CityU journey after accepting the CityU Entrance Scholarship. "The programmes from EE Department enriched my knowledge from circuit theory and internet architecture to logical thinking and problems solving. I am proud to be a CityU EE graduate!" He said. Jerman put learning into action by joining Microsoft and SAP, his outstanding performance was recognized by several Microsoft Annual Awards and SAP Design

Thinking Champion. He also went beyond the comfort zone for continuous development and led a regional unit in Manulife. These enriched his professional experience in both sides of the fence by working as technology vendor and business user.

Jerman is also an active player in community services and he is the appointed advisor of CityU SCOPE BSc (Hons) Computer Science, BSc (Hons) Business Information Technology and BSc (Hons) Information Technology for Business Programmes. He was the information technology advisor for various NGOs such as Foodlink Foundation as well.
