

A close-up photograph of a human hand on the left, with the index finger pointing towards a robotic hand on the right. The robotic hand is yellow and silver, with its fingers extended. The background is blurred, showing what appears to be a factory or industrial setting.

EY 安永

Building a better
working world

Will you shape the
future of work, or
will it shape you?

The better the question. The better the answer. The better the world works.

Graduate program

You'll get early responsibility, support and training as you set out to achieve your career ambitions. You'll expand your network and gain new experience with leading clients in different industries under the guidance of EY seasoned professionals.

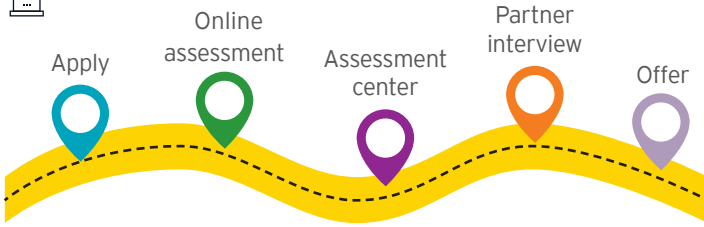

Why EY?

EY organization has been recognized as one of the Hong Kong's Most Attractive Professional Services Employer by business students in Universum's survey in 2016 - 2020.

It's yours to build

A career as unique as you are

▶ **High-performing teams**

It's how we help build careers – including yours. We draw on diverse teams for every project so that you can be inspired by great leaders and the different perspectives of those around you.

▶ **Global mobility**

Working across cultures and borders is one of the most powerful and rewarding experiences we can offer you at EY. We want to support the aspirations of EY people by giving them the opportunity to accumulate the experiences they need to build their careers, and develop future leaders who have a global mindset accompanied by rich client, industry and geographic experiences.

Who can apply?

- ▶ Final year of study
- ▶ Pursuing a Bachelor's degree or above in all disciplines
- ▶ Apply now: ey.com/cn/careers
