

EE Soft Skills Seminar (I):

Graduate school application in the US and HK

JAN
21
2022

FRIDAY

3:00 pm – 5:00 pm

Multidisciplinary Projects Laboratory, P1402,
1/F, Yeung Kin Man Academic Building, CityU

Abstract:

- 1) Shall I go for graduate school? What can I expect?
- 2) Pros and Cons of graduate schools in the US and in Hong Kong?
- 3) What is needed for a successful application to US graduate schools and to HKPFS?
- 4) How does the current global situation change the prospects of graduate school applications?

Speakers:

Dr Rosa CHAN
Associate Professor

陳皓敏 副教授

Recipient of Croucher Scholarship and Sir Edward Youde Memorial Fellowship for Overseas Studies

Ph.D. (Biomedical Engineering, University of Southern California)

M.Sc. (Electrical Engineering & Aerospace Engineering, University of Southern California)

B.Eng. (Automation & Computer-Aided Engineering, CUHK)

Research Interests: Computational Neuroscience; Neural Prostheses

Dr WANG Cheng
Assistant Professor

王騁 助理教授

BSc (EE, Tsinghua University)

PhD (School of Engineering and Applied Sciences, Harvard University)

Joined CityU as Assistant Prof. in June 2018

Research interests: integrated photonics, nanotechnology

Registration

This seminar will be conducted in English
