

Photonics: technology and opportunities

by

Dr. Kent Rochford
CEO of SPIE

Abstract

Photonics is a technology that has become an indispensable for modern life. This talk will describe some key applications of photonics, the reach of this industry in China, and globally, and highlight a few recent advances that demonstrate continued opportunities in this field.

About the speaker:

Kent Rochford is the CEO of SPIE, the international society for optics and photonics. Previously, Rochford was the Associate Director for Laboratory Programs at the National Institute of Standards and Technology (NIST) responsible for the breadth of NIST research, development, and measurement services. In 2017 he served as the Acting NIST Director and Under Secretary of Commerce for Standards and Technology. Rochford holds a PhD in optical sciences from the University of Arizona, and an MBA from the University of Colorado.

Date : 9 September 2024 (Monday)
Time : 2 pm – 3 pm
Language : English
Venue : LT-1, Yeung Kin Man Academic Building,
City University of Hong Kong

**** ALL ARE WELCOME ****
